

I am writing in reference to K-LOVE radio. K-LOVE was there for me almost seven years ago when our daughter suddenly died leaving a huge hole in my heart. When I was feeling like I couldn't go on, a song would come on K-LOVE that would encourage me and let me know that God was there for me. It continues to be a daily encouragement.

We also appreciate the public service announcements that inform us as to what is going on in our area. We belong to CMA, (Christian Motorcycle Association) a service organization. K-LOVE announces our monthly meetings to the community.

In this day of so much immoral, negative broadcasting, the public needs some uplifting, encouraging, stations. That is what K-LOVE provides. K-LOVE is a life line that brings hope and love to the community.

Sincerely,

Cherylyn Kerley
